GEORGE McMILLAN

February 20, 1974

Dear Jack:

If you are going to see me in connection with research on my book, will you please write me a letter saying so? The question has been raised that you are not willing to see me and that is holding up my court case. We have every reason to feel that I will win my court case -- unless it is held up by your refusal to see me. And if I do win many prisoners throughout the federal prisons will gain by it. It will represent a major victory over the Federal Bureau of Prisons.

If you are hesitating because Jimmy has his hearing coming up, I can wait to see you, if necessary, until after Jimmy gets his hearing. If you are willing to see me after that hearing, please say so.

Best regards,

George McMillan
